THE BIBLE VALLEY PROJECT 'THE MZANSI BIBLE'

PARTNERSHIP REQUEST

On behalf of the board of the Institute for Christian Leadership Development, we would like to solicit your partnership for the above project.

PROJECT SUMMARY

The leaders of modern Israel have acknowledged the Bible to be the most important gift the nation of Israel has given to the world. They are hereby giving an opportunity to every nation in the world which has received the Bible, to inscribe it in their indigenous languages, in the hand-writing of individual participants, on scrolls specially prepared in Israel. These Bible scrolls in different languages from different nations of the world will later be stored up for display in a gigantic Bible Museum named 'The Bible Valley' in Israel.

This initiative is quite prophetic, in that it could be a way in which God is allowing families, languages, people groups and nations to rewrite their history by laying a new foundation that connects with the Abrahamic blessings.

COORDINATION

The Bible Valley Society, an Israeli non-profit organisation is coordinating the Bible Valley Project globally, whilst The Institute for Christian Leadership Development (ICLD) based in Pretoria has been authorised to coordinate the project in South Africa.

INSCRIPTION

Owing to the unique demographics of South Africa, the Bible will be inscribed in all eleven official languages.

Each person inscribing will be given the opportunity to inscribe a verse of the Bible in their own hand writing.

Each inscriber will also receive a certificate which indicates their participation, at a token financial contribution per verse towards the cost of the project. These funds will be used to cover the costs of importing all the materials for inscription (the scrolls, certificates and registration documents) from Israel and for the return of the completed inscribed Bible to Israel.

*The inscription is free per verse

*The certificate is optional for a minimum donation of R50

PARTNERSHIP PROPOSAL

We are soliciting your partnership in order to make this project a success and to finish in record time.

We hereby propose that you help mobilize your congregation to be part of this historic project.

LOGISTICS

The administration of the inscription from your side will be in this order:

1. Our team could visit the church to present the project and mobilize the church to inscribe.
2. Alternatively, we could send our mobilization/marketing materials to the church in order for the church to do the mobilization without our team coming over to motivate for the inscription.
3. We send our team to do the inscription at the church or visit members in their houses for the inscription.

We look forward to a favourable response to this request

Kindly feel free to contact us further over any issues raised in this proposal.

God bless you richly
